25X1

4. INTELLIGENCE SECTION:

a. Prepared memo to DD/P for approval of revisions to Ops Policy Letter No. 6. In substance, the changes conformed to suggestions by the DD/P that instructions for pilots captured in Soviet-Bloc areas should differ from those for pilots in hostile but non-Soviet Bloc areas. Proposed revisions were approved by DD/P.

25X1A b. Meeting was held with Chairman, COMOR, and representatives from [] to revise and bring up-to-date target requirements for additional U-2 coverage of Cuba. WH submitted a revised list of targets and the military services were solicited to submit their requirements in the same area. A composite list of all targets was prepared 25X1A and copies were furnished to DD/P (with graphic); Chairman, COMOR; [] and PIC.

25X1A c. Prepared a let-down chart of the area for reproduction by PIC for the Plans Section.

d. Pending Actions: None

5. COMMUNICATIONS SECTION:

25X1A a. Eglin/Midwest circuit was deactivated temporarily and will be reactivated after installation of the on-line equipment and the move to Field #3 at Eglin is completed. The move is scheduled for 25 November.

25X1A b. On 17 November [] signal center commenced 8 hours per day operation, Monday through Friday. Arrangements were made with AACCS to provide call-in service for OPIM traffic received during non-duty hours.

25X1A c. [] departed Headquarters for
25X1A [] to complete processing prior TDY assignment []

d. Pending Actions: None

6. AIR SUPPORT SECTION:

25X1A a. []

(1) Prepared cable and briefed FE on three [] missions for November which were approved. One Mission, TE69-657, was flown on 19 November.

25X1D (2) A visit was made to LAC during 15-18 November. []
[] was observed under actual tests against AI equipped U. S. Marine fighters and this equipment appears to be highly satisfactory. The B-17 was inspected and except for the engines appears to be in an acceptable condition as stated previously by []

25X1 b. [] was released from IRAN 18 November. The aircraft was loaded at Andrews AFB Friday afternoon, 18 November, for return trip to [] via Eglin, Kelly, and Peterson Field. ETA at [] is 23/1600Z.

25X1A c. []

(1) Present planning is for one mission on 1 December. Mission could be flown in C-118 or C-130. There is a possible requirement for a second mission later in the month requiring C-130 aircraft.

25X1A (2) Policy approval for [] missions has not been received yet, however, President Elect Kennedy briefed on project 18 November and gave his approval.

25X1A (3) Approval for use [] as a staging base has not been received yet. Present planning is to deploy to [] on 28 November.
